

DAVID WEBSTER

Chair

David brings more than 35 years' experience working in the non-profit world, with most of this time at an executive director level, including a role as Executive Director for a Hospice organization. David has had success in program development and expansion, has experience in coaching individuals and teams to success, and has proven leadership through organizational development and restructuring.

David also brings a passion to the work of Hospice with his lived experience as a widower and having said goodbye to a number of family and friends. David and Georgia moved to PEI several years ago, and enjoy the outdoors cycling, paddling, and gardening, while always considering what comes next.
