

ELIZABETH MACDONALD

Elizabeth MacDonald works in the public school system supporting children and their families as they work to overcome varying challenges. Elizabeth is passionate about supporting her community through community-based programs and projects.

Elizabeth was motivated to join Hospice PEI after the passing of her sister during Covid-19. She fully understands how difficult the mental, physical and emotional challenges are faced by individuals and their families, and strongly believes that by sharing her experiences she can help others.

Elizabeth enjoys spending time with her family. She keeps active hiking, biking and skiing with her husband and her border collie Lucy.
